

BACHELOR'S DEGREE IN GEOINFORMATION AND GEOMATICS ENGINEERING (2016 curriculum)

MID-SEMESTER exams — AUTUMN semester

2024-2025 academic year
November 2024

	4 November (Monday)	5 November (Tuesday)	6 November (Wednesday)	7 November (Thursday)	8 November (Friday)
1A	Geographic Information and Cartography	Algebra	Computer Assisted Design	Informatics	Calculus
1B					
2A	Fundamentals of Civil Engineering	Observation Adjustment in Geomatics	Geophysics	Geometric Geodesy	Digital Cartography Mathematical Cartography
2B					
3A	Network Design, Observation and Adjustment	Remote Sensing	Digital Image Processing	Digital Photogrammetry	Geoservices: Design and Implementation
3B					
4A	Spatial Data Infrastructure	Bigdata for Geoservices	Geomatics Projects	Non-Conventional Surveys	Cadastre
OPT	X	X	X	X	X
