

BACHELOR'S DEGREE IN GEOINFORMATION AND GEOMATICS ENGINEERING (2016 curriculum)

MID-SEMESTER exams — AUTUMN semester

2022-2023 academic year
October/November 2022

| | 31 October (Monday) | 1 November (Tuesday) | 2 November (Wednesday) | 3 November (Thursday) | 4 November (Friday) |
|------------|-------------------------------------|--------------------------|-----------------------------|--|--|
| 1A | | | Informatics | Calculus | Geographic Information and Cartography |
| 1B | | | Electromagnetism and Optics | Surveying Instruments and Methods | Mechanics |
| 2A | | | Geometric Geodesy | Digital Cartography | Fundamentals of Civil Engineering |
| | | | | Mathematical Cartography | |
| 2B | | | | | |
| 3A | | | Digital Photogrammetry | Geoservices: Design and Implementation | Network Design, Observation and Adjustment |
| 3B | | | | | |
| 4A | | | Non-Conventional Surveys | Cadastré | Spatial Data Infrastructure |
| OPT | | | X | X | X |
| | 7 November (Monday) | 8 November (Tuesday) | 9 November (Wednesday) | 10 November (Thursday) | 11 November (Friday) |
| 1A | Algebra | Computer Assisted Design | | | |
| 1B | Geomorphology | Mathematical Methods | | | |
| 2A | Observation Adjustment in Geomatics | Geophysics | | | |
| 2B | | | | | |
| 3A | Remote Sensing | Digital Image Processing | | | |
| 3B | | | | | |
| 4A | Bigdata for Geoservices | Geomatic Projects | | | |
| OPT | X | X | | | |
